

Name _____ Hour _____

During What was the main event?

Objectives:

I can explain what my main event was about and provide details about the event.

I can list who was involved, what they did, when it happened, where it happened, why it happened and how.

Task:

Take at least two pages of Cornell notes on the major occurrences (the important events) that surround your topic.

Here are some questions to help you (you can also make up your own questions):

- **What** is the main event – thing – that happened to make your topic well known?
- **What** were the important details of the event?
- **What** exactly happened?
- **When** did it happen?
- **Why** did it happen?
- **Who** did it happen to?
- **Who** were the people or groups involved?
- **Where** did it happen?
- **How** did it happen? Break the event up into smaller events if you can. First, second and finally.

Note: You will use the notes you take here to later write the middle “during” or “Main Event” part of your project.

Describe here the main reason your event is important / famous – this is your “during”
